			Trading Ltd	<p>(since 2003) in production; management currently only to comply with Weeds Act, 1959 (as amended). Grassland, scrub and dense brambles, intermittent pond. The site also includes small areas of embankments of A6 road, with low-fertility grassland and scrub.</p> <p>The site supports a diverse range of invertebrates, notably Lepidoptera and Orthoptera, and breeding birds, especially warblers (common and lesser whitethroats, blackcaps), song thrushes and tree sparrows (at least four BAP species birds have been recorded).</p> <p>Access is by PRoW C28 It is also crossed by an unofficial but well-used path between The Nook and Orchard Lane (C32).</p> <p>Forms part of a potential wildlife corridor between Stoneygate School grounds and Burton Brook WildSpace.</p> <p>District level significance for ecology. Modification of current management would further enhance ecological, community and amenity significance.</p>	<p>Future management (possible rotation of cutting and natural regrowth to create a habitat mosaic and improve access) is subject of discussion between FarmCare and Great Glen Community WildSpace.</p> <p>CANDIDATE LGS</p>											
7	Manor Farm ridge and furrow field			<p>Non-intensively managed grazing meadow, with surviving well-preserved ridge and furrow and other earthworks including traces of settlement platforms, roadside gravel diggings and earlier courses of the turnpike and its predecessor, the 'old way' between Glen and Kibworth. The northeast corner of the site coincides with a group of 'medieval settlement plots' (Leicestershire HER site MLE8446), while the main field includes evidence for five open field units within the medieval <i>Road Field</i> of the pre-Enclosure <i>Nether End of Great Glen</i>.</p> <p>The southern, sinuous, boundary of the site follows a presumed medieval (or older), possibly manorial, boundary. The hedge on parts of this boundary has been dated, using the Hooper method, at 700 years old.</p> <p>The field is of District level significance for history and landscape. The hedge is of District level significance for history and ecology</p>	CANDIDATE LGS	Yellow	Light Green	Light Green	Light Green	Red	Light Green	Light Green	Light Green	Light Green	Light Green	30
