

St Cuthbert's Great Glen Community Pantry January 2025 – News Letter

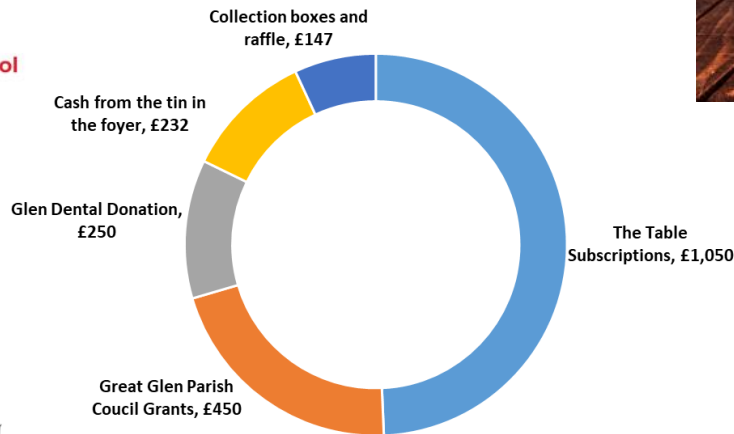

The pantry has been well used over the last year. As well as opening every week day during term time we have added additional items during school holidays and half-terms to support families with breakfast cereals, honey, jam, peanut butter and squash.

The donations at this year's harvest festival services, from all our schools and in our churches, were incredible and meant that we could offer a broader range of both essential items and special treats over the last three months.

Income - 2024

Our fundraising ended up well ahead of the £1,800 we spent on keeping the shelves full. A special thank you goes to the Great Glen Parish Council for grants of £450 this summer and to the Glen Dental Clinic for the donation of £250.

Thank you again to everyone who has supported the Pantry especially our schools, volunteers, donors, and partners. This amazing project only runs because of your help and generosity.

If you would like to join our volunteers and get involved, become a regular supporter through **THE TABLE** or if you just have a question about how you can help then please email pantry@ggbchurches.co.uk
