**Welcomes and apologies**

Bill Glasper welcomed everyone and noted the apologies.

**Declarations of interest.**

None declared.

**Minutes of meeting held on 4 June 2018**

- a) Accuracy - agreed as a true record
- b) Matters Arising - to be covered during the meeting.

**1. Environment Chapter**

**Context & Scope**

Gary advised that this chapter is very significant as it affords an opportunity to address issues of environmental protections in greater levels of detail than from the original neighbourhood plan.

The Neighbourhood Plan can help to preserve and enhance the natural environment and to protect what local people think is important.

Local Green Space Protection – robust evidence will be needed to obtain protection.

HDC’s emerging Local Plan will have an influence on the revised neighbourhood plan but is at a sufficiently advanced stage for the policies to be well-developed.

GGNP #1 policies to be re-considered, updated and with new policy areas to be introduced as necessary.

Suggested Methodology to include inventory, maps and site selection.

A date was set for John Martin to progress the review at all of the fields within the village so that they could be identified for potential development.

The access to online mapping was required for this, clerk to arrange.

## **2. Housing Chapter**

Derek Doran to undertake updated site selection process to take into account newly identified sites.

## **3. Action and timetable.**

The date set for the first workshop and training to be 28<sup>th</sup> June at 9.30am. This will allow time for consultation with the village at Wheelbarrow Race event.

The meeting closed at 11.00am.

Further dates were set for

14<sup>th</sup> June at 10.00am

17<sup>th</sup> July at 6.30pm

21<sup>st</sup> August at 6.30pm
